(54) Title: PORTABLE KITCHEN FOR PREPARING AND STORING FOODS OR THE LIKE

(57) Abstract: A portable kitchen, which includes a case having at least one cover movable between closed and open positions, the closed position being for compact containment of contents therein, and the open position exposing the contents for use. A plurality of functional food preparation and storage devices are supported within the case, including: a refrigerator unit capable of containing and storing foods a conventional refrigerator storage temperatures; and a microwave power unit for microwave heating of foods; a cooking unit having cooking burners for heating cookware or the like for preparing heated foods. A power connecting device is provided for connecting an outside source of power to the food preparation and storage devices to provide functioning power to the devices.
